

Our Presentation	Review of our Presentation	Review of our Presentation
Why no animation on the location?	Zero Tolerance – straight to jail. We need to check Something of our data	Knowing what we know how does this compare To other neighborhoods
Other neighborhood pics look great		
	We are asked to comment on our neighborhood	Code Violations
Comparisons were not really clear in the maps		Unified Land Development Regulation (not code)
Of location and circulation nor was it clear the	Rental Crimes / there was tension in the	
Architectural building typology	Neighborhood with our site visit	Professor Comments to me during break:
		- You all did a great job
Jila great graphic on slide #15	The neighbors feel threatened by over protection	- But we were missing the Surveys
		- I told her that you all carried my workload due to
There is reaction among the Wellingtonians to		My employment conflicts
Something in our presentation		

Other Presentation Comments	Morning Glory / Hawthorne	Other Presentation Comments
Be careful of how data is collected, one group	Morning Glory / Hawthorne has done a fairly	Façade and maintenance is the main concern
Made a chart of “Future Trajectory” of	Good job with radi circles of their neighborhoods to	For the development in Wellington in its current
Something in Wellington and the data was	Other neighborhoods.	State
Incorrect.		
	THEY NAILED THE COMPARISON WITH the Crime	They are open to variations of change in the
This is interesting – I do not think anyone has	Data!	Architectural styles in the neighborhoods.
Captured the comparison method graphically		
I know I said I was not going to complain but I think		
We should have graphically portrayed our		
Neighborhoods to other parts of Wellington
