

Report Review	Next Presentation	Next Presentation
Make sure the GIS files and Maps are on the W Drive.	Here we talk about the strategies we do not have To talk about how they are implemented	We need to present on policy, comprehensive Plan issues
We need to put all files onto the W. Drive	This is like an outline	This needs to be general
If a subject is not there do not include the text As a chapter	Note this has to be vague	We need to have best practice case studies
Some pictures were small	For presentation number 5 We can create a timeline or budget but vague Because it is out of our expertise	Focus on the strategies Create a vision for the neighborhood
Captions were small too		What are the goals?

What are the general policy and strategies.	We need to think of converting to community Based improvements	We have to follow the PowerPoint template.
Use the matrix table that is provided.	The vision – what will the neighborhood be like	We can have scenarios
Try to link this with our existing conditions Analysis	Write this like if we are branding it	This presentation is due next week.
Wellington wants to include gentrification	Look at their vision from the comp plan	Then we have a design solution presentation in 3 weeks
We can embrace the rental character.	We need to have a common vision
