The 5 th Presentation has been postponed From July 17 to the 24 th .	Objectives should be under the Goals	Wellington Liked
	Goal 1	Our LEED NB
So the Recommendation Summary Report Will be due with the 5 th Presentation	Obj 1 Obj 2	They liked our 4H
Do not forget the Recommendation	Goal 2 Obj 1	Mixed Use is Questionable to implement
Vision statement is too long It should be two sentences	Obj 2	There are state programs to retrofit homes for Energy green building implement – something to Think about

Wellington Comment	Wellington Comment	Wellington Comment
Easily Implementable	They really like it but it is not likely	Think about live work play environment
Feasible Development	Not in 5 to 10 years. This is the target	High Density Must = 22 Units per Acre
Be Careful about Businesses since there is a Saturation of businesses already	They want us to look at marketable	They offer a 10% developer bonus = 24 du Acre
	How do we deliver – check out street closings	How is it Implementable
	Commercial is not feasible	Do not use the word Equestrian Trail or Mixed Use
	But a community activity center	We are allowed to propose re zoning

Civic Engagement how do we implement	HOW TO IMPLEMENT OUR STRATAGIES	Whatever we do it has to be feasible and Implementation able
Take Advantage of our natural features Other neighborhoods have water etc.	Make sure it is feasible	Group Decision – We should all come up with an Idea and bring to our meeting on Sunday at 2:00pm
Do not use the “City of Wellington” They are Wellington!	Make the final presentation really short	
	Design and an method to implement	
Make sure our design will fit into the home town Vision of Wellington	We need to add our sources to the last Presentations	
	Allocation Sheets are due
